

FAITH FOOD *for Every Day*

Our new daily devotional book is here. The publication date is 10th December and you can order your copy today! Many of you have been receiving these devotionals as “Word for the Week” by email each week, or you may have read them on our website. Now they are in print and you can read them each day and be encouraged. The book also includes the Bible Plans written by Charles, which will take you through the Bible in one or two years. The book places the messages into “themes” so that you can search for a word to speak into the “need of the moment”.

We have been thrilled and humbled by the endorsements that we have received for the book -

Jean Darnall wrote: *“Your stories put Jesus right in the middle of everyday life. There is a ring of truth in your words because that is what you both are; real, true believers.”*

Gerald Coates wrote: *“Caught for time – but would like a Scripture and brief focus each day – to nourish as well as provide a challenge? Then this publication is designed just for you.”*

Ian Andrews wrote: *“They practice what they preach and have lived it out and I would thoroughly recommend this book to be incorporated in your daily lives.”*

Jarrold Cooper wrote: *“Inspiration is everything when it comes to staying fresh and truly relational in our daily walk with God. The words and example Charles & Joyce have brought to my life over 22 years of knowing and watching them have done just that - inspired me! They have inspired me into God's throne room, into hearing His voice and obeying that voice. This book is yet another brilliant gift from God to inspire us all to sustained intimacy with our loving God.”*

Endorsements also came from Don Double, Bishop Harry Westcott, Nancie Goudie, Dr Tony Dale, Dr. Anders Gerdmar and others.

The story of FAITH FOOD *for Every Day*

Whilst we were creating a website for Living Waters Church, Clevedon, our designer Pete Worthington, also a member of the church, was giving us help and advice on how to make it alive and relevant. He told us that a website needs to be constantly changing and have new material or people will become bored and not revisit the site. He suggested that we include a weekly message - so “Word for the Week” was born. It started as a personal message to the church members written by Joyce or Charles. It later became a weekly email, and the readership grew as more and more people subscribed.

It is now being sent around the world and read by several thousand folk each week. As the years have gone, by many of our friends and ‘fans’ have kept asking, **“When are you going to put all these words into a daily devotional?”** Well the time is now, hence the book that will be published on 10th December.

Each of these messages has come out of personal experience, they have been created spontaneously as a result of things that we have been reading in the scriptures, because of some personal encounter, as well as a response to things that have been going on around us at the time.
